

SURESH G

Python Developer | Data Analyst | BCA Graduate (Result Awaited)

Phone: 7200235174 | Email: sureshsuruuu363@gmail.com | [GitHub: github.com/Surus189](https://github.com/Surus189) | [LinkedIn: linkedin.com/in/suresh-g-3b9460412](https://www.linkedin.com/in/suresh-g-3b9460412)

Address: Chennai, Tamil Nadu

PROFILE SUMMARY

BCA graduate (Madras University, 2023-2026, final semester completed, result awaited) with strong fundamentals in Python and hands-on experience in data handling using Pandas, SQL, Excel, and Power BI. Worked on automation scripts and data-processing modules during a Python development internship. Currently strengthening core Python and backend development concepts. Seeking an entry-level Python Developer or Data Analyst role to build a strong foundation in software development.

SKILLS

- Programming Languages: Python (Core Python, Pandas, NLTK, SpaCy, Matplotlib)
- Data Analysis Tools: SQL, Excel (Pivot Tables, Formulas), Power BI, Jupyter Notebook
- Web Technologies: HTML, Streamlit
- Database: MySQL
- Platforms: Git, GitHub, VS Code
- AI Tools: Google Gemini (AI-assisted development & debugging)
- Core Concepts: Data Structures, Problem Solving
- Soft Skills: Leadership, Teamwork, Communication, Adaptability, Time Management

PROJECTS

Sales/Data Analysis Dashboard

Academic Project

- Built an interactive dashboard using Power BI and Excel to visualize and analyze sample sales data, including trend and category-wise breakdowns.
- Performed data cleaning, transformation, and exploratory analysis using Python (Pandas) in Jupyter Notebook.
- Wrote SQL queries to extract and aggregate data from relational tables for reporting.

Sustainable Smart City Project — Team Leader

College Project, 2025

- Led a 4-member team to design a Sustainable Smart City model focusing on E-waste and Plastic Management.
- Implemented smart waste segregation using IoT sensors and data-driven optimization.
- Coordinated documentation, task allocation, and project presentation successfully.

Intelligent Resume Analyzer (NLP & Automation)

Personal Project

- Developed an automated tool using Python (NLP) to parse resumes, extract skills, and match them against job descriptions.
- Utilized libraries like NLTK/SpaCy to identify key metrics and keywords, significantly reducing screening time.
- Implemented an intuitive UI using Streamlit, enabling real-time feedback for candidates and recruiters.
- Technology Stack: Python, NLTK/SpaCy, Streamlit, Pandas.

Automated Finance Pipeline (Full Stack)

Personal Project

- Developed a financial data visualization web app using Python and Streamlit to automate XML/CSV data parsing.
- Implemented Pandas for data cleaning and Matplotlib for interactive visualization of debit/credit trends.
- Deployed the application on Streamlit Cloud for real-time access: [Live Demo](#)
- Technology Stack: Python, Streamlit, Pandas, Matplotlib.

PROFESSIONAL EXPERIENCE

Python Development Intern — Techno Hacks, Chennai

2024 - 2025

- Developed automation scripts and small web applications using Python.
- Gained hands-on experience in API integration, database management (MySQL), and debugging.
- Built data-handling modules using Pandas to process and analyze datasets efficiently.
- Improved coding efficiency and team collaboration through agile sprints.

EDUCATION

Bachelor of Computer Application (BCA)

2023 - 2026

Madras University, Chennai — Aggregate CGPA: 7.8/10 (Final Semester Completed, Result Awaited)

HSC - State Board

2021 - 2023

GHSS Thiruvancherry Hr. Sec. School, Chennai — 72%

SSLC - State Board

2020 - 2021

C.S.I Corley Hr. Sec. School, Chennai — 85%

CERTIFICATIONS

- Google Analytics — Skillshop
- Python Development — TechnoHacks
